## EDITORIAL

The second term has been an exceptionally busy one for all our staff and learners. We have seen some significant successes on the sporting field and in the cultural sphere, and I am sure that there are pupils out there who have achieved their own personal goals as well.

What would be nice to see is all our learners who made a commitment to either their sport, cultural activity or academics achieving their goals, including those who set their sights higher, and achieved the extra 7% - as seen on our signs posted all around the school.

*"There's a difference between INTEREST and COMMITMENT. When you're interested in doing something, you do it only when it's convenient. When you're committed to something, you accept no excuses; only results."* - Kenneth Blanchard

Nowadays, there is a lot of pressure on us all to succeed and be excellent in everything we do. We do need to keep in mind that, while striving for this excellence, we should never forget who we are and why we want to achieve our goals. It is important to challenge ourselves on this journey, as we need to learn from our mistakes and experiences, as well as from those around us.

We have many learners in our school who strive for excellence on a daily basis; what a privilege for us, as educators and parents, to witness them grow as individuals and achieve the goals which they set for themselves.

Mrs CL Lunt

Deputy Principal
