## EDITORIAL

### FROM THE DEPUTY'S DESK

Unfortunately, I am starting my editorial on a negative note, addressing the behavioural issues we have dealt with during the first term of 2022. We appeal to our parents to do their part by enforcing discipline at home, so that our staff can teach during the school day.

### The following issues are currently being experienced:

- Fighting (recorded on friends' phones).
- Vaping (the comment is always "It's not mine").
- Possession of alcohol (with the comment: "Someone else gave it to me").
- Wearing jewellery with a uniform.
- Deliberately misleading teachers.
- Bunking academic classes.
- Cheating during Block Tests.
- Disruptive or offensive behaviour in class.
- Insulting, rude behaviour towards teachers and peers.
- Homework not done.
- No respect for our security guards.
- Very high absenteeism after Block Tests (which ended two weeks ago).

We would appreciate it if parents could support us in rectifying the behaviour of our learners. If we don't work together, we do not REALLY care for our children.

On a more positive note, I would like to thank our academic staff for attending Google Classroom training to better their skills in class and online.

Pre-season training for rugby, netball and hockey shows commitment, and our results speak for themselves. Culturally, our Grade 8 Concert, Public Speaking, Monologues and Talent Shows prepare our learners and provide them with confidence on stage. Taking the above into consideration, staff give their best in class, on stage and on the sports field.

If parents ensure that their children behave appropriately under ALL circumstances and our learners are doing their best ..... then **TOGETHER WE ARE STRONGER!**

Deputy Principal
