## EDITORIAL

Three terms are almost over. Reports will be emailed on the last day of this term for Grades 8–11 and, no matter what the results, now is a great time to be totally focused on your growth and betterment.

Whether you believe it or not, there is a window of opportunity out there for massive strides to be taken towards realising your true potential. But there is a price to pay and that price is to be orderly, disciplined and strive with all your might to be the very best you can, at all levels. In Term 4, academics is the order of the day as the final exams are around the corner. If you require them, attend the tutorials offered – they will make a difference. A small investment in time now (spent attending tutorials and studying) will prevent you from having to repeat a year. So, set up a study programme; get all your work up to date and focus.

Only you can make a difference.

To the Matrics: your time at Edenvale High School is almost up; soon you will attend your Matric Dance and early next term you will attend the Valedictory Assembly, your final assembly. Enjoy both these events – they are never to be repeated occasions! However, do not lose sight of the fact that your finals still lie ahead, and we wish you well in your preparations for these exams. Remember that the good name of our school depends on your results. Work hard and do us proud!

Enjoy the short rest.

D McGrath

Deputy Principal
